"We will be hosting art exhibitions, enabling local artists to showcase their work" said Fraser Offord, Manager of The ARThouse. "Local artists are invited to submit their work for an opportunity to exhibit here".

About Gina

Gina has lived in the Campbelltown area near the bushland of the Georges River for the last 20 years and finds this a great subject to draw and paint. "The landscape of the Georges river reserve has etched itself into my subconscious and has a sense of belonging to me" she said. Her artistic style has come from many influences and experiences. There are aspects of abstraction and also elements of expressionism in her work. She derives her inspiration from nature and human emotions that she has experienced.
